Gavin J. Erickson

Project Designer

Experience

Gavin Erickson is a Project Designer at Grouparchitect, and his primary responsibilities are project design and development as an individual as well as in collaborative teams. Project scale ranges from residential remodels to large scale development, and his primary office projects consist of multifamily and mixed use development.

While at the Kitsap County Department of Community Development his responsibilities included meeting with the public, developers, and architects to review applications. Reviewing and writing meeting summaries, as well as reviewing plan sets for completeness. Gavin's responsibilities as Graduate Teaching Assistant included meeting and teaching students in basic design, as well as, structures and construction documents.
